**Press Release**  
**December 19, 2021**

**Incident Type:** Camper Fire

**Address:** 45 High St

**Dispatch:** 22:25

**Under Control:** 22:55

**Resources:** E11, E6, ALS4, K1, K2, K4

**Description of Incident:** At 22:25, Engine 11 was dispatched to 45 High Street for a report of a camper fire. Upon arrival, the crew found a camper parked on the street in front of the address, fully involved in flames. Water was quickly applied to the flames and Engine 6 was dispatched to the incident to help with water supply. During suppression operations, personnel entered the camper to locate possible victims and encountered several propane tanks that were feeding the fire. After the flames were extinguished, a deceased female was found inside. The Manchester Fire Department, State Fire Marshalls Office and Manchester Police continue to investigate this incident.

**Civilian Injuries:** Female - Deceased

**Emergency Service Injuries:** N/A
